

Processing Equipment

- LKH Centrifugal Pumps
- Mixproof Valves
- Plate Heat Exchangers
- Radial Outlet Valve
- SRU & SX Positive Displacement Pumps
- Stem Valves
- Strainers & Filters

Tank Equipment

- Gamajet Tank Cleaning
- Magnetic Mixers
- Toftejorg Tank Cleaning

UltraPure Fittings

- Diaphragm Valves
- Instrumentation
- Process Valves

- Fieldlink Process Networking
- Networking Enclosures
- Valve Communication Solutions
 - Quarter Turn
 - Linear

- Chlorine & Ozone Reduction Equipment
- UV Disinfection Equipment

- Air Dryers
- Culinary Steam Filters
- Dust Collection Systems & Filter Housing
- Liquid Process Filtration
- Particulate & Coalescing Filters
- Sterile Air Filtration

- Mixing Solutions
- Twin Screw Sanitary Pumps

- Sanitary Tubing Support Systems

- High Purity Ball Valves & Actuation

- Flow Measurement
- Integration & Installation Assistance
- Level Measurement
- Liquid Analysis
- Optical Analysis
- Pressure Measurement
- Software Solutions
- Temperature Measurement

- Sanitary Valves

- High Pressure Pumps
- Homogenizers
- Plate Heat Exchangers

Rodem understands the importance of maintaining and repairing sanitary processing equipment to ensure efficient and reliable operations and product integrity.

Tank Cleaning Equipment Rebuilding

Our tank cleaning equipment rebuilding services provide fast and reliable rebuilding for tank cleaning equipment.

- Alfa Laval Gamajet expertise
- Documentation for compliance
- Factory trained technicians
- Minimal downtime

Rebuilding Services

At Rodem, we provide comprehensive pump and valve maintenance solutions to ensure safe and efficient operations and high-quality consumer products.

- Actuators
- Pumps
- Valves

Integrity Testing for Heat Exchangers

This testing can identify integrity issues within your system and allow for preventative maintenance which helps you save time and money while maintaining optimal product integrity.

Integrity testing allows you to rest easy knowing you have a highly accurate understating of your processing equipment.

Rodem In-House Services

CIP System Maintenance

Custom Hose Fabrication

- Full Selection of End Connections
- Fully Traceable
- In-House
- Pressure & Leak Testing
- Same Day Service

Installation & Fabrication

- Process Piping
- Pump Carts

Modular Skid Fabrication

- CIP Skids
- Filtration Skids

Process Engineering

- CIP Systems
- High Purity Water
- Mixing Design
- Process Flows
- System Evaluations
- Tank Cleaning

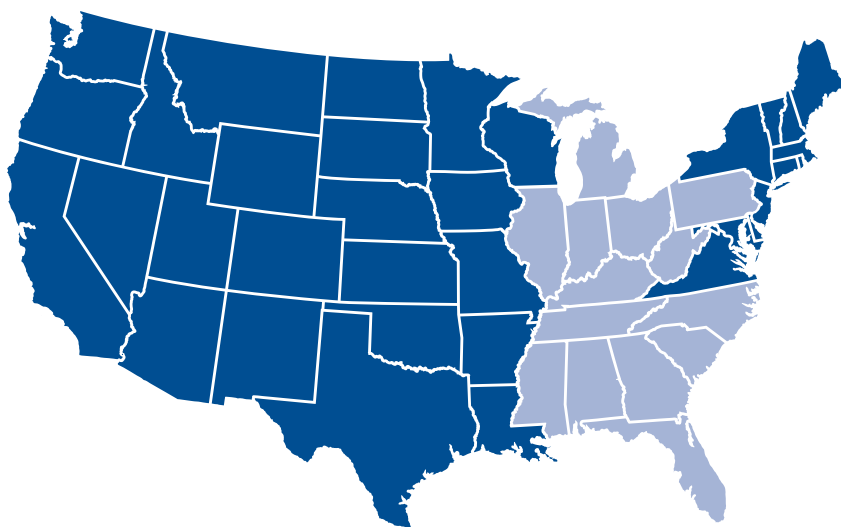

Valve & Pump Maintenance

- Diaphragm Change Out

Our territory

We provide a regional focus, with national reach with offices in:

- Cincinnati
- Columbus
- Indianapolis
- Knoxville
- Nashville
- Raleigh
- Toledo
