

Innovative equipment designed with you in mind.

Simplify your sanitation processes and *elevate*
your efficiency with CleanWorx.

FROM
SANI-MATIC

Do more with less.

Everyday you are asked to do more with less - more output in less time, more variety with less labor, more quality at less cost.

Designed with all those challenges in mind, the CleanWorx brand offers a simplified line of sanitation process products to help you do more with less.

CleanWorx Advantages

The CleanWorx Brand of products from Sani-Matic takes the complexity out of cleaning. The standardized design and streamlined features make CleanWorx solutions easy to use, quick to deliver, and affordable compared to other more customized cleaning solutions.

Sanitation Simplified

1 STREAMLINED SALES PROCESS

- Technical data and CAD models available
- Easy specification and ordering process
- Pricing available online

2 QUICK EQUIPMENT DELIVERY

- Standard Product
- No technical review process required
- Quick to deliver

3 USER FRIENDLY OPERATION

- Simplified operator controls
- Comprehensive manuals
- Spare parts kits, or on-site service programs available for equipment maintenance

CyClean® 35

The CyClean 35 is an all-electric automated washer for parts requiring cleaning-out-of-place (COP). The patent pending design is compact and uses an advanced CycloneJet 360° spray arm to deliver consistent cleaning results while reducing wash time, and operational costs.

Easy-To-Use Touch Screen

The user-friendly touch screen panel is icon-based, eliminating language barriers and simplifying training. Pre-programmed for short, medium, and long wash cycles—operators simply select the desired run time and hit start. Visual indicators show washing cycle status through completion.

EQUIPMENT SPECS	
EXTERNAL DIMENSIONS	80"W x 65"D x 96" H
POWER	460VAC 3PH, 60Amp, 60Hz
WATER USAGE PER CYCLE	50-75 GAL
WATER SUPPLY	10-40 gpm, max. 185°F
